**HM SEALS**

## About us

---

HM Seal designed insurance solutions to meet the growing needs of logistics insurance. These solutions, implemented by HM Seal, are used in a number of markets, most notably for trucking by air, land, and sea, as well as food containers and other goods. They are also used by banks to insure cash being transported from one location to another. These insurance seals comply with international standards and specifications

## Our targets

---

Our goal is to improve the quality and efficiency of all our work and combine speed of implementation and achieving quality. HM SEAL always strives to provide continuous training to improve the capabilities of its staff in the work team  
to ensure the highest quality and its professional implementation

HM SEALS

# Our Mission

---

Since its inception, HM SEAL has always insisted on providing outstanding service to help its clients achieve the highest management efficiency and meet all their logistics needs.

# BT301

**Name :** Bolt Seal
