**HIGH MOLD IS A MOTHER**  
FOR HIGH PLAST AND V-LINE COMPANIES

**High Mold**

ESTABLISHED IN 1975

**About us**

High Mold is a mother company for High Plast and V-Line Companies. High Mold company was established in 1975 and we started in the production as a mold maker for injection plastic molding and aluminum diecast.

We established High Plast as a new factory for injection plastic products in 1995 then we established in 2004

The V - LINE company for veterinary and we started The Ear Tag Project in 2009 so that we were able to meet the needs of The Egyptian Market and Overseas.

We are delighted to be the first Ear Tag manufacturer in the Middle East, and we try to provide exceptional service to help farms achieve maximum management efficiency and meet all of their needs by developing our service and products to suit the development in the field of livestock breeding, and we also seek to facilitate the process of livestock numbering, management and follow up with ease by using the best technology in the world.
